Dear Sir / Madam,

We have bought and sold a number of claims from various sellers (all linked to one another) and split between 4 different buyers. For ease, I attach a spreadsheet detailing the claims and their respective seller and ultimate buyer (trading and transferring via Tavira Securities Ltd.)

Please find enclosed transfer forms for all of the transactions.

Please note that for claim number 59098, we have split the claim on the form into its constituent underlying line items but that the total is USD 41,442,056.39 as per the Allowed Unsecured Amount on the docket.

I hope the spreadsheet makes it relatively easy to follow but please do not hesitate to get in touch if there are any questions.

Many thanks,

Ben Rana
